

## UNIT 3: ADDITION

Dear Parents/Guardians,  
We learned adding numbers up to 10 by making up addition stories with the use of pictures. Practice making up more addition stories at home with your child!

### KEY WORDS

add                      number sentence  
addition stories      addition sentence  
altogether

Addition means **putting together**.

This means **add**.

$6 + 4 = 10$  ← This is an **addition sentence**.

## ACTIVITY 1

- Interest your child in this activity by asking him or her to bring out around 10 toys.
- Next, encourage your child to tell addition stories about the toys. For example, "I have 4 fire trucks and 2 dolls. I have 6 toys altogether."
