

UNIT 2: NUMBER BONDS

Dear Parents/Guardians,

We used pictures to count and make up number stories about different objects. We learned to put numbers together to form number bonds up to the number 10. Make up more number stories about things around you and your child!

KEY WORDS

number story

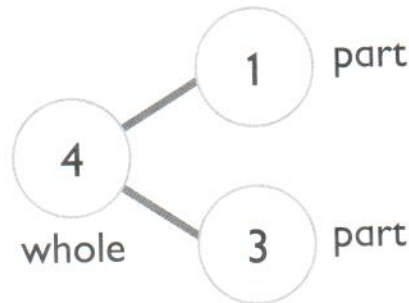

number bond

There are 4 toys.
3 of the toys are dolls.
1 is a car.

This is a **number story**.

This is a **number bond**.

ACTIVITY 1

- Tell your child a simple number story using objects around you. For example, count cars of different colors on the street and say, "2 of the cars are green. 3 are red. 2 and 3 make 5."
- Next, show your child the number bond of 2 and 3 making 5.
